

**Séminaire « Dynamique et Action Territoriales et Environnementales »... au Viêt Nam**  
**Des enjeux environnementaux au Viêt Nam**  
**Seminar “Territorial and environmental dynamic and action”... in Vietnam**  
**Some environmental issues in Vietnam**

**20 novembre 2018, 14h-18h / 20 November 2018, 2-6 p. m.**  
**Tours, MSH Val de Loire, salle 147 / Tours, MSH Val de Loire, room 147**

En lien avec le projet Reforesté (<https://reforeste.univ-tours.fr>, financé par la MSH Val de Loire) et le colloque international « Mutations forestières dans le cadre des changements globaux » (organisé par le réseau MiDi et la Zone atelier Loire)

In connection with Reforesté project (<https://reforeste.univ-tours.fr/eng>, funded by the MSH Val de Loire) and the international symposium “Forest changing in the framework of global changes” (organized by the network MiDi and the Loire workshop area (Zone Atelier Loire))

**L'équipe Dynamique et Action Territoriale et Environnementale (DATE) de l'UMR CITERES (Université de Tours, CNRS) accueille :**  
**The team “Territorial and environmental dynamic and action” (DATE) of CITERES Research center (University of Tours, CNRS) welcome:**

- ✓ **Trần Hữu Nghị**, Director of the Viêt Nam program of Tropenbos international (TBI)
- ✓ **Roland Cochard**, Senior Researcher (Swiss National Science Foundation), University of Lausanne, Institute of Geography and Sustainability - *via videoconférence*

A cette occasion, l'équipe organise un séminaire visant à questionner quelques enjeux environnementaux au Viêt Nam, notamment en lien avec la forêt. Il constitue aussi une opportunité pour des chercheurs de l'équipe, impliqués sur ce terrain, de présenter leurs travaux.

On this occasion, the team organizes a seminar to question some environmental issues in Viêt Nam, especially link to the forest. It also represents an opportunity for some researchers of this team, who are involved in this field, to present their research.

**Inscription gratuite mais obligatoire / Registration is free but compulsory.**

**Contacts: Amélie Robert** ([amelie.robert@univ-tours.fr](mailto:amelie.robert@univ-tours.fr)) **and Sylvie Servain** ([sylvie.servain@insa-cvl.fr](mailto:sylvie.servain@insa-cvl.fr))

## Program

**14h-14h30 – Amélie Robert** (UMR CITERES, Lyon Institute of East Asian Studies) – Introduction and contextualization: “Evolution of the interrelations forest / societies in Việt Nam since the beginning of the 20<sup>th</sup> century”

**14h30-15h15 – Trần Hữu Nghị** (Tropenbos international-Việt Nam) – “Main current stakes of the Vietnamese forest” (title to be confirmed)

**15h15-15h45 – Séraphine Grellier** (UMR CITERES) – Organic matter in soils and CO2 flux in Vietnam (title to be specified)

15h45-16h – Break

**16h-16h45 – Roland Cochard** (University of Lausanne) – The project “Assessing the nature of a ‘forest transition’ in Vietnam: ecosystem services and social-ecological resilience in locally managed forest landscapes” (title to be specified)

**16h45-17h15 – Evelyne Gauché** (UMR CITERES) – Broadening: The AQAPA project: Who owns the landscapes? Tourism development in the South Asia highlands: social dynamics and landscape heritage in ethnic minority campaigns. A focus on China (title to be specified / presence to be confirmed)

17h15-17h35 – **Amélie Robert** (UMR CITERES, Lyon Institute of East Asian Studies) **and Sylvie Servain** (UMR CITERES) – Broadening: Forest plantations from Việt Nam and elsewhere (Reforested project) and conclusion

Les échanges se poursuivront au-delà, les 21 et 22 novembre 2018, dans le cadre du colloque international organisé par le réseau MiDi et la Zone Atelier Loire à Blois, sur le thème « Mutations forestières dans le cadre des changements globaux » (<https://www6.inra.fr/midi/Agenda/Mutations-forestieres-dans-le-cadre-des-changements-globaux>).

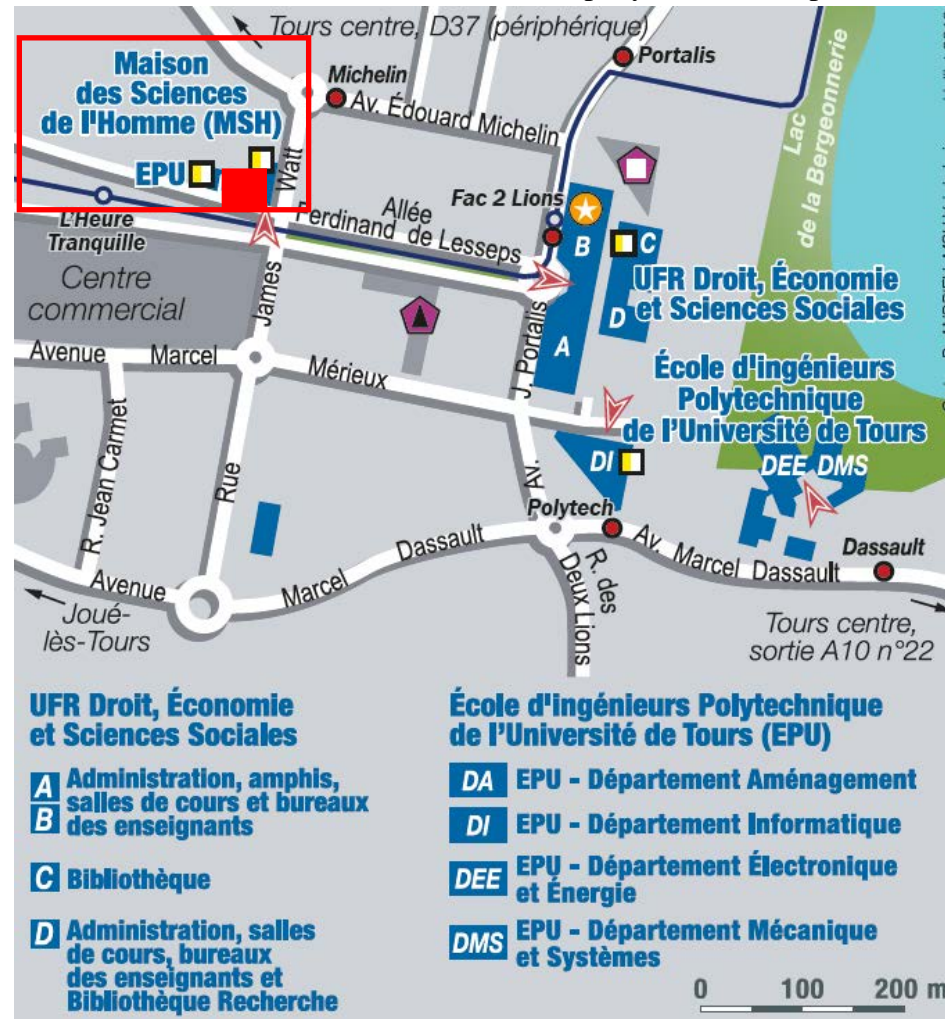

The discussions will be continued further, 21 and 22 November 2018, in the framework of the international symposium organized by the network MiDi and the Loire workshop area (Zone Atelier Loire), on the topic of the “Forest changing in the framework of global changes” (<https://www6.inra.fr/midi/Agenda/Mutations-forestieres-dans-le-cadre-des-changements-globaux>).

# Access

 Place of the seminar

The MSH Val de Loire is served from the city center by **streetcar line A** direction “Lycée Jean Monnet” (**15-20 minutes from the train station**): stop “**L’Heure Tranquille**”. More information (schedules ...) on the website of the company Fil Bleu: <https://www.filbleu.fr/>
